15.

WAP that will take (m x n) integer inputs into a matrix of dimension m x n. Now just simply add all the integers in that matrix and show the result.

\*

| Sample input                      | Sample output |
|-----------------------------------|---------------|
| 3 3<br>1 7 3<br>7 4 5<br>3 5 6    | 41            |
| 2 6<br>2 2 2 2 2 2<br>6 5 4 3 2 1 | 33            |
